

## **FOOD SERVICE ADVISORY COMMITTEES**

The Parent Advisory Council meets to discuss the National School Lunch and Breakfast programs and to address any questions parents may have regarding the cafeteria. Please contact the school principal if you would like to become a member or just attend a meeting.

The Youth Advisory Committee is used to gather information about what menu items students like and to talk about any concerns they may have regarding the cafeteria. Students who could offer valuable input are chosen by a teacher or principal to be a part of this committee.
